Practical Test Scenarios and Instructions

(Instructor/Applicant responsible for obtaining cross-country assignment as required for Practical Test)

Scenario 1: Traveling to Naples with your spouse to visit your In-laws for their 50th wedding anniversary. Overnight bag 40 lbs. Child in rear seat 40lbs, spouse 195lbs. Departure time weather (obtain current METAR/TAF etc). Discuss and show planning etc.

Scenario 2: Travelling to Gainesville for Gators game with a friend (195lbs). Cooler on rear passenger seat 50 lbs. Current departure weather. Discuss and show planning etc.

Scenario 3: Travelling to Tallahassee for business meeting. Your friend (weighs 145 lbs) says she will pay the cost of the trip if you take her, so she doesn't have to make the long drive to visit her boyfriend. Baggage 50 pounds. Discuss and show planning etc.

Scenario 4: You are going to Key West. Your neighbor offers to pay for the flight if you take him (180 lbs) and his wife (110 lbs) with you. Discuss options, show planning.

Scenario 5: (Commercial Applicants only) You and a friend (195 pounds) are going to Garrett County Airport (2G4) on business. Prepare a weight & balance, navigation log and **VFR flight plan** to your first fuel stop. Performance numbers for practical test aircraft, based on conditions on practical test date.

*Practical tests assigned a cross country scenario require a **Nav log and completed Flight Plan Form** ready for review.

Notes: Now is the time to demonstrate knowledge, mastery and safe operation of the aircraft. Plan it like you are going to fly it. In addition to Pilotage, you must be able to show that you can use any installed avionics. The applicable **ACS** is the "... comprehensive standard for what an applicant must know, consider, and do for the safe conduct and successful completion of each Task to be tested on both the qualifying FAA knowledge test and the oral and flight portions of the practical test. The flight portion of the practical test requires the applicant to demonstrate knowledge, risk management, flight proficiency, and operational skill in accordance with the applicable **ACS**" (FAA ACS). **Know what is expected of you.**

Practical tests administered at KMLB. (FBO fees, if applicable, **not** included in Practical Test fees)
Will travel to other test sites (by PRIOR arrangements), if my testing and teaching schedule permits.

Recommended Practical Test Fees: (as of July 2020)

Airplane Single land: Private, Instrument, Commercial:	\$600.00
Multi-Engine Land: Private, Instrument, Commercial:	\$700.00
*Retests (original disapproval issued by me) Minimum:	\$300.00 (flight portion only)
Retests (from another examiner):	\$600.00
Admin. functions (MIL COMP, FPE, FIRE, SOE, SIC, RPE etc) min 1 hour:	\$100.00/hour

Tests administered **away from KMLB** incur a **minimum** travel expense: \$75.00 (per applicant)

*Max 2 Flight items. Retests requiring an Oral and Flight portion will be prorated.

Flight School check or cash only. No credit cards (at this time). Fees subject to change without notice!
